Why Southalls?

"As the only health and safety consultancy specialising in the merchant sector, we work with over 110 builders merchants spanning over 1200 branches across the UK and internationally. Southalls 'Safety Plus' solution already supports a large proportion of NBG, Fortis and H&B buying groups members, offering peace of mind for employers. With family values at the core and proudly holding a 98% client retention rate, we work hard to build long-term working relationships and deliver safety excellence."

Ian Hatherly, Operations Director, Southalls

Additional services for Builders merchants - asbestos surveys, noise assessments, training.

Testimonials

Since working with Southalls the H&S in our organisation has improved 10 fold. The new H&S systems and reports have been met with enthusiasm by every manager & employee. This has empowered managers to take responsibility in their own branches. This is beginning to bare fruit and improving their working environments. Personnel, in general, are really buying into H&S which can only be a positive outcome in reducing accidents in the workplace. I would recommend Southalls to all businesses no matter how big or small.

Alan Ladyman, Company Transport & H&S Manager,
Kent Blaxill & Co Ltd

We chose Southalls based on recommendations from many NBG Members – not one bad comment received. Our experience of dealing with them has been excellent – Whatever has been promised/ agreed has been strictly adhered to.

Phil Kruse, Director - PGR Timber and Builders Merchants

We chose Southalls as they specialised in builders merchants. We have been very happy with the service provided. Having 6-month audits are invaluable as well as the audit reports, saying what we should do. It has also been very easy to make contact and get answers to questions.

Shanker Patel, Managing Director - Lords Builders Merchants
